Vice presidents, Mrs. Thomas B.
King, Mrs. G. W. Wilson.
Cor.-Secy., Miss Laura Bradford.
Rec.-Secy., Mrs. T. W. Neal.
Treasurer, Mrs. B. L. Branch.

Hickman will be the next meeting
place of the Woman's Missionary so-
ciety of the Methodist conference,
having been selected at the closing
session this morning.

The last session of the Woman's
Foreign Missionary conference was
opened at 9 o'clock this morning
with the president, Mrs. Thomas B.
King in the chair.

After devotional service led by
Miss Glenn, the regular order of
work was taken up. The minutes of
yesterday afternoon's and last
night's sessions were read and ap-
proved. The reports by districts were
completed. Reports from the stand-
ing committees were called for, the
committee on literature and press re-
sponding first and the report was
adopted as read. The report of the
Golden Links and Juveniles was read
and approved. The report of the fi-
nance committee was read and ap-
proved. The report of the district
journals was read and approved.

The committee on resolutions read
a report expressing the appreciation
of the conference to all who contrib-
uted to the pleasure and comfort of
the delegates.

A resolution was introduced by
Mrs. Duckworth that the society
raise this year \$176 to complete
Songdo Chapel, and that it be named
Ellen Watson in honor of the late
president of the society. The resolu-
tion was adopted and subscriptions
taken.

Mrs. J. C. Ottinger read a commu-
nication from the J. Harvey Mathis
chapter, Daughters of the Confedera-
cy, of which Mrs. Watson was chap-
lain. An organ to be paid for by the
proceeds from the sale of a biograph-
y of Mrs. Watson will be installed in
Central church, Memphis, in her
honor.

Miss Layona Glenn, the society's
missionary to Brazil, was called up-
on to speak and made an impressive
talk.

The three pages who have been
acting for the conference will be
presented with a testament each for
their services. The minutes of the
morning session were read and ap-
proved. McKenzie and Hickman
were nominated as the next meeting
place of the conference and Hickman
was selected.

Mrs. King, the acting president, in
a few well chosen words introduced
Mrs. J. C. Ottinger, the new presi-
dent, to the conference, who arose to
greet her. An unusually successful
meeting closed with "God Be With
You 'Till We Meet Again."

Election of Officers.

Thursday afternoon's session of the
missionary convention began at 3
o'clock with Mrs. S. C. Dobbins in
the chair to lead the devotional service.
After this service the minutes of the
morning session were read and adopt-
ed. The fraternal delegate from the
Woman's Home Mission society of the
Memphis conference, Mrs. J. H. Rob-
erts, was then introduced to the con-
ference and delivered her message of
greetings and good will. At the out-
set Mrs. Roberts was selected as re-
porter for the convention and the com-
prehensive reports of the meeting
given in this paper were largely drawn
from her notes.

The election of officers, which was
scheduled for this morning's session,
was transferred to yesterday afternoon
and resulted as follows: Mrs. J. C. Ot-
tinger, Memphis, president; Mrs.
Thomas B. King, Memphis, first vice
president; Mrs. G. W. Wilson, second
vice president; Mrs. W. A. Truman,
third vice president; Miss Laura Brad-

Clawford, Memphis; Miss Mary Sae
Taylor, Brownsville; Mrs. William

ASLEEP ON TRACK.

Two Boys Are Run Over and Cut to
Pieces.

Mobile, June 15.—Bodies of two
white boys, apparently about 16 years
old, were found on the railroad tracks
at Hurricane Bayou this morning.
Their heads were severed from the
bodies. It is supposed they went to
asleep on the track and were run over
by a train.

After His Hat.

Cleveland, O., June 15.—John Ko-
shar was walking along the dock of
the east side today when a gust of
wind blew off his hat. Koshar pur-
sued it close to the dock's edge, and
when it finally went into the river he
deliberately jumped in after it and
was drowned.

FIRST CASE

WARRANT FOR ALLEGED CRU-
ELTY TO CHILD SWORN OUT.

Humane Society Charges Woman
With Abusing Little One in
Her Home.

The first warrant charging cruelty
to children to be issued at the in-
stance of the Humane society was
issued this morning by D. L. San-
ders, police judge. It was sworn out
by Tom Sanders, special officer for
the society, and the papers will be
served this afternoon and the case
probably tried tomorrow morning.
Information was secured from neigh-
bors by Officer Tom Sanders that Mrs.
Dora Drake was guilty of unmercifully
whipping a child she is rais-
ing for a relative. The punishment
of the child, it is claimed, has been
frequent and has disturbed the
neighborhood a great deal. All facts
will be brought out in the trial.

ENGLISH BEEF

INVOLVED IN SCANDAL AS BAD
AS CHICAGO'S.

Those Who Have Been Pointing Fin-
ger of Scorn At America
Are Shocked.

London, June 15.—Revelations
made today in the newspaper show
the Chicago packing house scandals
are duplicated here. The disclosures
produced a great shock to those who
have been pointing the finger of
scorn to America.

STANDARD DECLINES.

Does Not Introduce Witnesses Before
Commission.

Cleveland, June 15.—The inter-
state commerce commission held a
short session today. It showed the
Lake Shore railroad favored the Stand-
ard Oil company with rebates of stor-
age charges at Chicago. It adjourned
to meet at New Orleans. The Stand-
ard was given an opportunity to offer
evidence in rebuttal, but declined to
put on witnesses.

Succeeds Gen. Miles.

Washington, June 15.—Major Hugh
L. Scott, of the Fourteenth cavalry,
now in the Philippines, has been se-
lected by Secretary Taft to succeed
Brig. Gen. Albert L. Mills as superin-
tendent of the military academy, who
is to be given command of an army
department.

Evictions Begin.

Dillonvale, Ohio, June 15.—One
hundred and forty of the striking
miners at Bradley and Plum Run
were today served with notices of evic-
tion by constables. The strikers have
retained counsel and will fight evic-
tion in the courts.

Incendiaries Busy.

Logansport, Ind., June 15.—The
plant of the Maxinkuckee Ice com-
pany, burned this afternoon. Loss \$30-
000. Fifteen Vandallia freight cars
were destroyed. The fires indicate
that incendiaries are at work.

DEFERS THE DAY OF RESTORATION

House Amendments Affect the
Meat Trade.

Minimizes Chances of Rigid Inspec-
tion and Hampers Secretary
in His Work.

PRESIDENT GIVES REASONS

Washington, June 15.—An official
statement was given out at the
White House today concerning the
president's letter yesterday to Chair-
man Wadsworth of the house com-
mittee on agriculture, on the commit-
tee's action on the beef inspection
bill. In the letter to Representative
Wadsworth the president stated that
almost every change in the proposed
house amendment is a change for the
worse as compared with the same
amendment, and no matter how
changes are made or why it is, prac-
tically affects the bill. He said:

"As framed it minimizes the chances
of rigid inspection wanted; that the
proposed amendment would hamper
the secretary of agriculture in doing
the work appointed for him to do, and
would simply defer the day, when we
could restore the free inter-state trade
in meat to its original basis."

The president has explained ver-
bally that he is far less concerned
with the question whether the pack-
ers or the government shall pay for
inspection than with certain other
features of the bill.

Pardon for McKnight.

Washington, June 15.—The par-
don case of James M. McKnight has
been reopened. The department of
justice, with the approval of Presi-
dent Roosevelt, has ordered another
examination made of the physical
condition of McKnight, who is a
prisoner in the federal penitentiary
at Atlanta. Senator McCreary took
the matter up with the department
of justice before he left for Kentucky.
Representatives Sherry and Trimble
called on President Roosevelt and in-
terceded for McKnight. McKnight
was indicted and convicted on a
charge of wrecking the German Na-
tional bank of Louisville.

To Retire McCalla.

Washington, June 15.—Orders
were issued at the navy department
placing on the retired list July 19
next, Rear Admiral Bowman N. Mc-
Calla who led the forlorn hope of a
relief expedition that first march-
ed through the Boxer forces to Pe-
kin and thereby saved the lives of
the legionnaires in 1900. Rear Ad-
miral McCalla is commandant of the
Mare Island navy yard and station.
He will be succeeded in command by
Rear Admiral Henry W. Lyon at
present in command of the naval sta-
tion at Honolulu.

Mayfield Postoffice.

Washington, D. C., June 15.—J.
H. Happy, of Mayfield, who has been
here several weeks trying to get the
scalp of L. W. Key, who was nomi-
nated to succeed him as postmaster
at Mayfield, has a chance to win his
fight. The senate committee on
postoffices and post roads referred to
a subcommittee some time ago the
request of Mr. Happy that the nomi-
nation be held up, and it is under-
stood that this afternoon the sub-
committee has decided that the nomi-
nation of Mr. Key cannot be favora-
bly reported. This does not mean
the retention of Mr. Happy in the
postoffice.

VOTE FOR GREATER PITTSBURG.

Consolidation Plan Carries and Al-
legheny May Go to Courts.

Pittsburg, June 15.—The proposi-
tion to consolidate Pittsburg and Al-
legheny carried at the polls in this city
today with a majority estimated from
late returns at 25,000. Allegheny,
the indications are has voted against
the plan by about 6,000 majority,
which the Pittsburg majority will wipe
out, with a good margin to spare.
The consolidation, if carried into ef-
fect, will make Pittsburg the sixth or
seventh city of the country in popula-
tion.

Goldman-Berkman.

Rochester, N. Y., June 15.—Emma
Goldman, the notorious anarchist, and
Alexander Berkman, the man who shot
Henry C. Frick, were married this
afternoon at the house of the former's
sister, Mrs. Jacob Hochstein.

BRYAN IN THE DUMA.
St. Petersburg, June 15.—
William Jennings Bryan visited
the Duma for a half hour today.
He conversed with leaders of the
Constitutional members and ex-
pressed sympathy for the Jews
in Russia. Bryan leaves for
Stockholm tonight.

CLEVELAND NOT WARM FOR BRYAN

Mistake That He Has Announ-
ced For Nebraskan.

Sage of Princeton Holds His Peace on
Matters Political and on
Tariff.

VIRGIL P. KLINE ANNOUNCES.

Cleveland, June 15.—Virgil P.
Kline, personal attorney of John
D. Rockefeller, and prominent
among the counsel of the Stand-
ard Oil company, today declared
himself in favor of William J.
Bryan as next Democratic nomi-
nee for president.

Princeton, N. J., June 15.—It is
premature to say that Grover Cleve-
land, with D. R. Francis former gov-
ernor of Missouri, who, under his
presidency, was secretary of the in-
terior, favors William J. Bryan as the
next Democratic nominee for presi-
dent. He has not been able to com-
prehend what is the cause of the re-
cent arousal of interest in Mr. Bryan.
Cleveland has not expressed anything
except a sort of "wanting to know"
attitude regarding the call for Bryan
from certain states.

Mr. Cleveland was asked if he would
point out why the tariff was the father
of other ills now complained of, but
he would not, saying:

"So many persons have asked me
the same question and I am now so
much occupied that I don't see how I
can undertake to answer you."
Of Mr. Bryan's renascence, Mr.
Cleveland was even more loth to
speak for publication. He was highly
interested in the speech of his friend,
Mr. Francis, to the Missouri Demo-
cratic convention, which declared that
Mr. Bryan had broadened in ideas
and sympathy and was now "worthy
of any office in the gift of the Ameri-
can people."

Mr. Cleveland's idea on the subject
of the best candidate for the Demo-
crats in 1908 are not ready for even
definite private expression.
"I want persons to leave me alone
awhile on politics," he said.

BLOWN UP

CREW OF SCHOONER PROBABLY
KILLED BY EXPLOSION.

Gasoline Sets Fire to Lumber Laden
Steamer Off Destruction Island
Bar.

Seattle, June 15.—Capt. Bridgett,
of the steamer Annuncion, reports the
schooner Argus burned off Destruction
Island. He thinks the crew was blown
up by an explosion of gasoline which
caused the fire. The Argus was
bound for Puget Sound from San
Francisco. She was lumber laden.

RAILROAD CONVICTED.

C. B. & Q. Gave Rebates to Big
Packers.

Kansas City, Mo., June 15.—The
Chicago, Burlington and Quincy rail-
way was convicted by a jury in the
United States district court for grant-
ing concessions on shipments for ex-
port, to Armour, Swift, Cudahy and
the Nelson Morris companies. The
conviction carries with it a fine of
\$1,000 to \$20,000 on each count.

WITH MEXICANS

Americans Are Fighting in Starr
County, Texas.

Ft. Worth, Tex., June 15.—A re-
port is received here that a race war
is on between the Americans and
Mexicans in Starr county, in which a
number have been killed on both
sides. Among those reported killed is
ex-State Senator Lane. The cause of
the trouble is unknown. Upon re-
quest the governor ordered a detach-
ment of rangers to the scene.

CANNON VOICED THEIR FEELING

Delegate Smith Received a
Sharp Rebuke.

Speaker of House Takes Floor and
His Remarks Are Greeted
With Applause.

DRAMATIC SCENE IN HOUSE.

Washington, D. C., June 15.—Not
in years has the house witnessed a
more dramatic scene than it witness-
ed today, incident to the adoption of
the conference report of the state-
hood committee, Marcus A. Smith,
delegate from Arizona, took occasion
in a guarded way to insinuate there
had been undue influence used in
postponing the agreement.

Smarting under what he believed
to be a direct insinuation against
him, Speaker Cannon impetuously
left the chair, calling Dailzell to the
desk and asked the speaker pro tem
for five minutes to explain his posi-
tion. Thunders of applause greeted
the speaker as he stood with hand
uplifted, his head shaking, waiting
for quiet in the house.

Finally order was restored and
then, measuring every word, Can-
non said: "Mr. Speaker, as a mem-
ber of the house of representatives
during this session as at all other
sessions, I have represented my con-
stituents and acted for the whole
people according to my best judg-
ment."

"I would not have taken the floor
had not the honorable gentleman,
the delegate from Arizona (Smith)
made the remark that there was a
large penalty for the governor of that
territory to attempt to influence leg-
islation, or for one legislative body
or its membership to attempt to
traffic in legislation with the other
in order to secure legislation, if I
correctly state him."

"That remark could not have had
but one motive and one meaning, and
that meaning is that some one in the
house has sought to affect legislation
in the house as matter of traffic in
order to secure action upon this
matter in the senate. The imputa-
tion implied so far as it reflects up-
on the speaker of this house, and so
far as I know or believe, upon any
other member of this house, is un-
worthy the gentleman who uttered it
and without foundation in fact."

"I pause and invite any member
present who has the least intimation,
knowledge or even belief that the
statement implied in the insinuation
of the gentleman is true to say so."

When the speaker had finished
Democrats and Republicans alike,
crowded around him to shake him by
the hand and tell him his speech
voiced the sentiment of the mem-
bers.

cord for the port of New York.

STRIKE AT SEBASTOPOL.

Inhabitants Are Fleeing in Panic
From City.

Vienna, June 15.—A dispatch from
Bucharest says the railway strike is
declared at Sebastopol, Russia. In-
habitants are fleeing from the city in
a state of panic. At Odessa troops
are under arms. The harbor is com-
manded by artillery.

Jacobson for Governor.

Duluth, Minn., June 15.—The Re-
publican state convention here nomi-
nated a complete state ticket at the
close of a preliminary campaign
which has lasted three months and
promised the day before the con-
vention to result in the nomination
of J. F. Jacobson, of Madison, for
governor.

Editor Purdy Free.

Indianapolis, Ind., June 15.—Judge
Freemont Alford, of the criminal
court this afternoon released Fred L.
Purdy, editor of the Indianapolis Sun,
from jail, holding that he had served
the thirty days' sentence he received
from contempt of court. Purdy paid
a fine and costs amounting to \$265.

night and Saturday. The high-
est temperature reached yester-
day was 84 and the lowest reach-

HOSE CART OVERTURNS.

One Fireman's Neck Is Broken and
Others Hurt.

Hillsboro, Tex., June 15.—While
the fire department was drilling last
night a hose cart overturned and
fireman Harvey was thrown to the
ground. His neck was broken. Sever-
al other firemen were badly injured.

Territories Only Await Signature of
President Roosevelt.

Washington, June 15.—The presi-
dent's signature is all that is needed
to make the bill granting statehood
to Oklahoma and the Indian Territo-
ry a law. It probably will be signed
tomorrow.

IN MOUNTAINS

ABNER AND SMITH ARE HIDING
FROM POSSE.

Warrants Are Sworn Out, Charging
Them With Murder of Dr. B.
D. Cox At Jackson.

Jackson, Ky., June 15.—Warr-
ants were sworn out this morning
for John Abner and John Smith,
charged with the murder of Dr. B.
D. Cox, Ashbury Spicer, one of the
confessed conspirators, swore that
John Smith fired the shot that kill-
ed Cox. Abner was in the crowd, Spi-
cer swore. Both men are in the moun-
tains and a posse is being formed to
go after them. Ashbury Spicer, who
admitted on the stand that he was
in the assassination party, left for
his home at Jett's Corner on horse-
back and was unmolested. He rode
out with a party of friends.

ON TOBACCO

JOEL B. FORT WILL SPEAK HOME
COMING DAY.

Another Excellent Speech Added to
Program by the Efficient
Committee.

Col. Ben Weille has received a let-
ter announcing that another speaker
for the Home Coming Day has been
secured. The speaker is Joel B. Fort
of Tennessee, a man well up in toba-
cco, and "Tobacco Raising" will be
his subject. He will address the
farmers during Home Coming Day,
and an excellent address is promised.
Promoters of the Home Coming Day
are working hard to make it more
than a success and will add every fea-
ture possible to secure.

OIL MEN URGE EXTRA SESSION.

Ohio Independents Appeal to Governor
and Lawmakers for Aid.

Cleveland, June 15.—An extra ses-
sion of the legislature is asked "in
the name of justice" by the independ-
ent oil men of the state in a formal
petition which is being prepared for
Governor Pattison. The independ-
ents will urge the enactment of the
anti-discrimination measure now in
operation in Kansas and Iowa and the
maximum freight law.

ARE CELEBRATING.

Citizens of Oklahoma and Indian Ter-
ritory Are Rejoicing.

Guthrie, I. T., June 15.—Whistles
were blown, guns were fired and flags
flung to the breeze when the news
reached this and other cities in Okla-
homa and the Indian Territory that
the house had adopted the statehood
bill.

Water Plant Loses Money.

Gallatin, Tenn., June 15.—At a re-
cent meeting of the board of mayor
and aldermen it was shown that Gal-
latin's water plant has failed to re-
turn a revenue to the city. The cost
of operating that plant for the past
year has exceeded the receipts by
\$280.30.

JEWISH ANARCHIST HURLS BOMB SHELL

Then Christians and Hebrews
Slay Each Other.

Hundreds of People Are Killed and
Wounded in Streets and Shops
of Bialystok.

COSSACKS IN FOR MUTINY.

Warsaw June 15.—The latest
advices from Bialystok, Russia,
the scene of the massacre of Jews
yesterday are to the effect that
30 Jews were killed and 100
wounded. Nearly all the stores
and shops kept by Jews were at-
tacked. Some were burned.
Numbers of panic stricken Jews
left the city. The principal streets
are patrolled by troops. Order
is restored.

Bialystok, Russia, June 15.—A Jew
ish anarchist threw a bomb among
the Corpus Christi procession here
yesterday and killed and wounded
many persons. In consequence Chris-
tians attacked and massacred Jews
and demolished their shops.
Hundreds of persons were killed or
wounded.

The bomb was thrown into the
crowd. Soldiers surrounded the house
and fired two volleys into the win-
dows.

Meanwhile enraged Christians at-
tacked the Jewish stores in Alexan-
drov and Suras streets, demolishing
fixtures and windows and throwing
goods into the gutters and beating
and murdering Jews.

A crowd of Jews fled to the railroad
station, pursued by the mob which
killed many of them there. The Jews
are fleeing from Bialystok to neigh-
boring forests and mobs are pursuing
them.

Detachments of dragoons have been
sent out to protect the Jews.

Jews arriving here on railway
trains have been dragged out of cars
and many murdered. Troops have
cleared the railway station.

Crisis Approaching.

St. Petersburg, June 15.—The rad-
ical elements in the lower house of
parliament are getting more and more
out of hand, and events in the inter-
ior are marching so rapidly that peo-
ple almost doubt whether the surren-
der to the demand for a responsible
ministry would not now come too late.

The authority of parliament is
growing constantly in the country,
and the leaders hope that when the
crisis comes the government will real-
ize the futility of resistance.

The agrarian movement threatens
parliament as well as the government,
and the troops from the villages are
siding with the peasants, from whom
they are recruited.

M. Sveshnikoff, a Cossack member
of the lower house, claims to have re-
ceived a thousand letters from Cos-
sack soldiers saying they are tired of
playing the role of oppressors of the
people.

The district court has returned an
indictment against M. Ulanoff, the
member of parliament from Saratof
and editor of the social revolutionary
paper, Dielonaoda (The People's
Work.)

The question of inviolability of the
person or members of parliament is
thus raised.

ORDERS FREIGHT RATES OUT

Indiana Railroad and Warehouse
Commission Takes Drastic Action.

Indianapolis, June 15.—Reductions
of 40 per cent were ordered in the
freight rates charged by the Southern
Railway in the lower part of the state
by the railroad and warehouse com-
mission today. Thus a precedent is
set which, if sustained by the courts,
will establish the commission's power
to fix rates where they were excessive.

"MONKEY," SHE SAID? TRUE.

Husband Declares Wife Also Dubbed Him a Crab.

"You're a little old monkey. You're a little old crab." These pet names Bernard J. Fitzpatrick told Judge Walker yesterday his wife applied to him. She's trying to get a divorce.

Persons in the court room could see at a glance there was nothing anthropoid or crustacean about the defendant.

Mrs. Fitzpatrick admitted the Darwinian slang, but denied the crabfish allegation. She said her husband abused her for two months after they were married. Then she talked back. Among other things she said he broke one of her teeth "just for fun." He will tell his side today.

To Test the Sand.

James D. Bohon, formerly secretary of the Louisville fire department, has written to James Wood, fire chief of this city, asking for information relative to "bond" gravel, a gravel which cements firmly. His object is not known unless it be to secure samples for testing on Louisville streets. He is now connected with a big sand company in Louisville. Chief Wood will refer him to the local gravel dealers.

COAL CHUTE.

Tumbles Down Under Weight At Mounds, Ill.

The coal chute at Mounds, Ill., played a queer prank yesterday. It tumbled down, but waited until everything was off until it started in for the stunt. A switch engine had just shoved five loaded cars on top of the chute. The cars had been emptied and were taken down a few minutes before the chute began to give. The warning came with a series of creaks and a wavering of the frame. After a few preliminary groans, warning to laborers about it, the crash came. No one was injured. Work of rebuilding it has already begun.

At least the toes of the man who waits are sure to turn up.

Turks and Greeks.

Near Neveska, yesterday one hundred Greeks were surrounded by a superior Turkish force. After a desperate fight the Greeks escaped, leaving twenty killed and eighteen wounded. The Turks lost three killed and eight wounded.

PREPARE FOR HOME COMING DAY AND PADUCAH'S CHAUTAUQUA

Make Weille's Your Headquarters During the Events

NEXT week gives promise of being a very eventful week for the citizens of Paducah, and for many of our former citizens. "Home Coming Week" has attracted attention to Kentucky from every state in the union, and on many lips and in a host of minds are song and thought of "My Old Kentucky Home."

Louisville has entertained a seeming multitude this week, and Paducah will have a little host itself. Tuesday is Paducah's "Home Coming Day" and it behooves us to make it a memorable one.

The Chautauqua, too, promises to be a great event for Paducah, and why should it not be? Some very eminent men will be here, and, of course, will attract many visitors. It is hoped it will be made an annual affair.

As the city has prepared for these events, we have prepared to help you to prepare for them, with one of the most manificently selected stocks of clothing and furnishings it has ever been our privilege of displaying. You should put on your best "bib and tucker" on such an occasion, and if you have not prepared them come now and let us help you.

One of those cool looking, and cool in reality, Outing Suits, a Panama or Straw Hat, a soft Negligee Shirt, a cool Tie, Low Shoes, Hosiery and light weight Underwear will put you in the right way to enjoy the pleasures of the week, let Old Sol shine his hottest.

We shall be pleased to have the visitors make our store their headquarters during the week. The latch string is on the outside. Bring your friends in to see us, and let us assist you in entertaining them.

WASH TIES

The wash ties are the most popular this summer, but the Windsor, the bow and silk four-in-hands have many calls.

25c to 50c

KEEP THE HEAD COOL DURING THE WARM DAYS AHEAD OF YOU

Throw aside that old, heavy derby or felt hat and make your brain rejoice under a cool Panama or light weight Straw Hat. Common sense dictates such an act. Dress cool and you will be cool.

Panama Hats—the softest on the head and the coolest to wear—cost you only from \$5 on up.

The Negligee shape, light weight hats, from \$3 up.

Light weight straws from \$2 up.

And caps, if you go in for them, 50c up.

We have, too, some very light weight hats in felt, if you care for them, from \$1.50 up.

SOME SUGGESTIONS FOR THESE WARM DAYS

Nainsook makes, probably the coolest underwear you can wear, and we have suits from \$2 up. We mention this as only one of our lines of Summer Underwear. We have every known fabric and at prices ranging from 25c a garment up.

Low shoes are a summer necessity. The good ones will wear you two seasons. \$3.50 buys as good one as you want, but \$5 will buy a better. Stacy Adams and Nettleton are our best lines. There are none better.

Light weight trousers in grays and all the popular colors, should appeal to you these days. \$3.00 buys a very neat pattern trouser, and with your dark coat, if you wish, you don't have to buy an outing suit—you have it.

White shoes are very popular with the young men this year—more than ever. We have the high and low shoes at \$1.50.

COLLECT GARBAGE WITH CITY WAGONS

Board of Health Recommends This Plan.

Enters Into Contract With Fat Rendering Concern to Watch Municipal Dump.

DR. GRAVES IS RE-ELECTED.

The board of health met last night and elected a health officer and took steps toward bettering sanitation in Paducah generally. Dr. W. T. Graves, the present health officer, was re-elected. Dr. H. P. Sights withdrawing from the race before the ballot. Dr. C. H. Brothers received one vote for health officer.

A contract was ordered signed with Ghent & Elliott, who operate a rendering plant below the Illinois Central incline, to act as watchmen for the city garbage dump, which is moored near their boat. The action of the board is subject to ratification of the general council.

The board voted to recommend to the general council to employ wagons to collect garbage in the city. Residents will, by this arrangement, be made to place garbage and refuse matter into cans and leave them in the back yards for collection by the garbage wagons.

The board also gave the sanitary officers instructions to look after weeds in yards and vacant lots, and to secure warrants against all who refuse to cut them after proper notification.

PLAN WALTZ FOR WORLD.

Dancing Masters Would Fix Rule for Style in All Nations.

Boston, June 15.—A proposal to attempt to codify the rules of the waltz, so as to make the dance the same the world over, was taken up today by the national association of dancing masters, in convention in Winthrop. The association plans to publish a book in which the laws of the waltz shall be set down as unalterable as the laws of the Medes and Persians. However, when the matter was brought up there was trouble right away, for it came out that there are as many systems of waltzing as there are dancing masters, say about a million.

FROM THE DEAD

Followers Believe Elijah Dowie Will Arise.

Chicago, Ill., June 15.—Predicting that after his death he will return to the world and finish his work as "Elijah, the restorer," John Alexander Dowie created a profound sensation in the United States court before Judge K. M. Landis today. The prediction came as the climax of a graphic description of his experiences and sensations when he was stricken with paralysis at a great meeting in Shiloh tabernacle shortly before his departure for Jamaica to restore his health. Elijah will be resurrected from dead," his followers whispered, reverently.

On a Royal Jaunt.

Christiana, June 15.—Royal progress through the country preliminary to the coronation on June 22 of King Haakon VII and Queen Maud was begun today when the king and queen the Crown Prince Osaf departed from the capital for Trondhjem. At the railroad to wish the sovereigns a safe journey were the presidents of both houses of parliament, cabinet ministers and other principal civil and military authorities and a large crowd of Norwegians gave their sovereigns a hearty sendoff.

IDEALISTIC ARE AMERICAN PEOPLE

Baron Speck Von Sternburg Pays Compliment.

Compares Philosophy of Roosevelt to That of Emperor Kang-Hi, of China.

AT UNIVERSITY OF ILLINOIS.

Urbana, Ill., June 15.—Comparisons between the maxims of President Roosevelt and the philosophy of Kang-Hi, a Chinese emperor who reigned several centuries ago, were made by Baron Speck von Sternburg, German ambassador to the United States, in an address delivered at the commencement exercises of the University of Illinois. The ambassador spoke of the prosperity which prevailed in China under Kang-Hi's beneficent rule and then declared that his point of view was similar to that of the chief executive of this nation, illustrating the point by means of parallel quotations.

Baron von Sternburg paid the following compliment to the American character:

"Since my first arrival in your country I have held that America's real spirit is idealistic and that the average individual American is controlled by idealistic impulses. Those who may contradict me cannot have sounded the depths of the philosophy of Ralph Waldo Emerson or studied the life and speeches of Abraham Lincoln and considered their far-reaching effect on the American people."

Indian and Child Gone, Blood is Found and Campers Move.

Vincennes, Ind., June 15.—The police are dragging the Wabash river for the bodies of John Harris, a painter, and a child that was with a party of movers, whose camp was covered with blood when they departed hurriedly last night. Harris started for the home of his father in Lawrence county, Illinois, and had to pass the camp. He carried a watch and money. Nothing can be learned of him. The police have sent out an alarm for the movers.

Notice to Contractors.

The board of public works will receive bids at their office on June 20th at 4 p. m. for the construction of a concrete culvert over Cross creek, on Caldwell street near the Illinois Central passenger depot. Plans and specifications can be seen at the city engineer's office. All bidders are required to enclose with their bids a certified check on some bank of the city of Paducah, to be forfeited to the city of Paducah upon failure of the successful bidder to enter into a contract and give the necessary bond as per the proposal. The bond referred to will not exceed 50 per cent of the contract.

The board of public works reserves the right to reject any and all bids.

Daily Thought.

"The greatness of the soul shows
itself in the service of the life."

Under the caption "Bryan and
Hearst," the Nashville Banner says:
"It is generally agreed that the
tendency of the conservative element
of the Democracy towards Mr. Bryan
comes of a negative as well as a pos-
itive cause. It is what he is not as
well as what he is that attracts them.
He is not, for instance, so radiant as
Wm. Randolph Hearst and he ap-
pears to be the best man the party
affords for countering the Hearst in-
fluence. It is hardly a doubtful propo-
sition that in a contest between Bryan
and Hearst for the Presidential
nomination Mr. Bryan would win, but
an important question is, should Mr.
Bryan be nominated by the Democrats,
can he get Hearst's support? And
should Mr. Bryan be nominated by
the Democrats, would that deter Mr.
Hearst from becoming a candidate?
He ran against McClellan, the Demo-
cratic nominee for mayor of New
York, and he may become an inde-
pendent candidate for president on
some sort of socialistic platform of his
own devising. Hearst, as an inde-
pendent candidate, would have a
strong following, and it would be
mostly drawn from the Democratic
party. The question then arises
whether Mr. Bryan can really unify
the Democracy or at least whether
he can command the support of all
who were formerly embraced in the
two Democratic organizations of 1896.
He could under present conditions
probably come nearer doing it than
any other man, but with Hearst lead-
ing a radical movement many of his
old supporters would desert him."

Judge Hargis, charged with con-
spiracy in two murders, blasphemously
told a newspaper correspondent that
he could convict Jesus Christ of the
murder of Abraham Lincoln with the
testimony of Mose Felner, Asbury
Spicer and Anne White for a small
sum of money. Judge Hargis knows
his men.

Roast beef of Old England, is it
possible, you must be drawn through
the mire of infamy, your source and
preparation subjected to public in-
vestigation, your classic excellence
questioned by a plebeian committee of
the House of Commons? That shot
Roosevelt took at the meat packers
may yet be heard 'round the world.

Tuesday is Home Coming day and
Paducah must put on her best ap-
pearance for the visitors. Then the
country must come to town and help
welcome the wandering Kentuckians.
Remember, they will carry the story
of Paducah into a dozen states.

Emma Goldman, the anarchist
queen, and Alex Berkman, the would-
be assassin of Henry C. Frick, were
married in Rochester Wednesday.
Here's hoping they never succeed in
raising the issue of anarchy.

Paducah is not in a savage state
and no more in need of the active

ministration of a missionary than the
average town, but she is blessed by the
presence this week of a band of noble
Christian women.

Good for Broadway. After all,
Broadway is Paducah and Broadway
says we shall have band concerts.

Sacramento, June 15.—The special
session of the California legisla-
ture to enact laws made necessary
by the earthquake and fire of April

received 65 bills passed by both
houses. Fifty of these await his ap-
proval and the others, including a

state building in San Francisco,
which was signed today, already
have become laws. Nearly all pro-

CRIES "SKIDDOO-23:" ENDS LIFE

Man Leaps From Madison Street
Bridge.

Chicago, June 15.—With a cry of
"Skiddoo—twenty-three for me," a
man whose identity is unknown sprang
from the Madison street bridge
into the river at 8 o'clock last night
and was drowned. Policemen in row
boats dragged the spot where he sank
for two hours, but it is believed the
body was carried downstream by the
strong current. James Saunders, 805
Heyworth building, and Albert Man-
tenson, 18 Roberts avenue, Hammond
Ind., were on the bridge and saw the
man dive headlong from the railing.

ANARCHIST IN CHAMBER.

Calls Premier Liar and Apparently
Tries to Draw Weapon.

Rome June 15.—During the sit-
ting of the chamber of deputies to-
day, while Premier Giolitti was an-
swering the attacks of deputies on
the government program a young
man arose in the tribune of the public
and shouted excitedly "Lies! lies! de-
ceivers of the people!" He made a
motion toward his pocket, and was
surrounded quickly by officers and
carried out. He was identified as
Francesco Gouzza, a noted Neapoli-
tan anarchist.

The Health in Summer.

The best way to keep in good health
in the summer is to pay just a little
attention to the body physically, and,
by proper attention to diet and nat-
ure's warnings, avoid sickness.

More and more each year the pro-
fession is getting away from the theory
of always dosing for disease, as a cure
and a preventative, and prescribing
natural treatments. We are thus get-
ting closer to nature, and nature, as a
restorer of the spent vigor and health
is coming into its right and just recog-
nition.

The bath as one of the aids to
nature is now given its due credit and
attention. In the warm summer sea-
son the cold bath in the morning im-
parts vigor and starts the day off with
a tonic effect. It stimulates the body
and tempers the blood, and, when fol-
lowed by the warm bath at evening,
keeps the system in excellent condition
for the trials of warm weather.

One of, if not the greatest baths
science has developed is the dry hot
air treatment. In this the tempera-
ture can be run up to 300 degrees,
but, by a process which gives a free
circulation of air through the ma-
chine, the heat is never oppressive.
This treatment opens thoroughly the
pores of the most obstinate skin and
puts it in good condition, and by the
perspiration assists nature in elimi-
nating the impurities from the sys-
tem.

The after effects of the treatment
is invigorating. Instead of being the
least depressive, they are tonic, and
for the tired-down worn-out system,
it is a wonderful rejuvenator. Espe-
cially is this so, when the treatment
is followed by the osteopathic treat-
ment.

I am giving those treatments with
marked success, and shall be pleased
to tell you how and why it is such in
a few moments, as well as refer you
to Paducah people who will personally
attest to the merits of them.

London, June 15.—The Royal Fus-
iliers, stationed at Parkhurst, were

dinner today. They refused to eat it,
and those who were able to do so
bought meat elsewhere. The others
went without their dinner.

IN THE COURTS

Ordinance Court.

Two breaches of ordinance cases
were docketed this morning. Judge
D. L. Sanders had a three minute ses-
sion of police court. W. A. Gardner
was charged with permitting debris
to remain in his yard. He had it re-
moved and the warrant was dismissed.
Y. D. Rouse was charged with per-
mitting his cow to run at large in
the city. The case had been con-
tinued once and a summons issued
the second time for him. He failed
to appear and was fined \$5 and costs.

no assets. He is a resident of Padu-
cah.

For Breach of Peace.

Charles Appleton, colored, was ar-
rested this morning by Constable A.
C. Shelton for breach of peace and is

be tried Saturday afternoon at 2
o'clock in Justice Charles Emery's
court.

In Bankruptcy.

Attorney J. R. Grogan has filed in
Louisville a petition to force L. J.
Gossett, of Gilbertsville, Ky., into

gages alleged to have been given pre-
ferred creditors by Gossett.

Candidate for Senator.

Louisville, June 15.—Col. John
Thompson, of Harrodsburg, who is
one of Kentucky's most distinguished
lawyers and astute politicians, is in
the race for the Democratic nomina-
tion for United States senator. The
announcement of his candidacy is
semi-official, but it is positively known
that Col. Thompson has made arrange-
ments to open headquarters at the
Galt House, and within a few days he
will be in the thick of the fight against
Gov. J. C. W. Beckham and Senator
James B. McCreary.

Saved by Coachman.

Paris, Ky., June 15.—Through
the coolness of the colored coach-
man, Miss Kate Alexander and her
young sisters, Marian and Elizabeth,
were saved from probably fatal inju-
ries this afternoon. While driving on
Main street the breast yoke of the
harness became unfastened near the
corner of Main and Tenth streets,
dropping the pole to the street. The
spirited thoroughbreds became fright-
ened and dashed at break-neck
speed down Main street. The coach-
man clung to his lines and at Main
and Sixth streets the animals dash-
ed into and wrecked a milk wagon.

FACTS IN NATURE.

Not Only Do We Get Inspiration From
Nature, But Health as Well.

For people who are run-down and nerv-
ous, who suffer from indigestion or dys-
pepsia, headache, biliousness, or torpid
liver, coated tongue with bitter taste in
the morning and poor appetite, it be-
comes necessary to turn to some tonic or
strengthening which will assist Nature
and help them to get on their feet and
put the body into its proper condition. It
is becoming more and more apparent that
Nature's most valuable health-giving
agents are to be found in forest plants
and roots.

Nearly forty years ago, Dr. R. V. Pierce,
now consulting physician to the Invalids'
Hotel and Surgical Institute, at Buffalo,
N. Y., discovered that by scientifically
extracting and combining certain medi-
cinal principles from native roots, taken
from our American forests, he could pro-
duce a medicine which was marvelously
efficient in curing cases of blood disorder
and liver and stomach trouble as well as
many other chronic, or lingering ail-
ments. This concentrated extract of
Nature's vitality he named "Golden Medical
Discovery." It purifies the blood by
putting the stomach and liver into
healthy condition, thereby helping the
digestion and assimilation of food which
feeds the blood. Thereby it cures weak
stomach, indigestion, torpid liver, or bil-
iousness, and kindred derangements.

If you have coated tongue, with bitter
or bad taste in the morning, frequent
headaches, feel weak, easily tired, stitches
or pain in side, back gives out easily and
aches, belching of gas, constipation, or
irregular bowels, feel flushes of heat al-
ternating with chilly sensations or kindred
symptoms, they point to de-
gredient of your stomach, liver and kidneys,
which the "Golden Medical Discovery"
will correct more speedily and perman-
ently than any other known agent. Con-
tains no alcohol or habit-forming drugs.
All its ingredients printed in plain Eng-
lish on wrapper.

The sole motive for substitution is to
permit the dealer to make a little more
profit. He gains, you lose. Accept no sub-
stitute for "Golden Medical Discovery."
Constitution causes and aggravates
many serious diseases. It is thoroughly
cured by Dr. Pierce's Pleasant Pellets.
One a laxative, two or three are cathartic.

at the present time is in a sensitive
condition. For the past year there
have been two factions of Democrats.
There was last fall one faction in-
dorsing Blackburn for the United
States senate who termed the opposi-
tion as machine followers, which term
referred to the state administration.
There was a bitter fight between the
two factions during the closing months
of the senatorial campaign of last
year and it seems that the have
never been able to adjust matters,
and the same people who composed the
different factions last fall will also
be divided in the coming campaign.

One good clause, which was in-
cluded in the contract, is relative to
transportation for families of carmen
over the line. Carmen and their fam-
ilies were supposed to be taken over
the road free but few instances of
transportation gratis have been re-
ported. The road this year signed up
an agreement to give the carmen and
their families free transportation.

There are 32 clauses in the contract
and each is an improvement over the
old contract. The report was accept-
ed in its entirety.

The carmen transacted no business
other than hearing the report.

AFTER SHANTY BOATS.

Monday county officers will begin a
boat to boat canvas of house boats
moored to the Kentucky shore of the
rivers between Clark's river and Mas-
sac creek, and will arrest all shanty
boat residents who have not paid a
license. Twenty-five warrants have
been issued against residents of house
boats and these will be placed in
Constable Shelton's hands for service.
There are a total of 200 house boat
residents along the shore within this
boundary and only twelve have paid
a license. It is estimated that at
least fifty have left for other parts,
rather than hand and pay the tax.

The entire row was vacated and railroad people have been given the preference in the sale. Personal letters have been written to them offering the property, and from indications the entire row will be bought in by railroad employees.

Reports from several districts were next given which were followed by the children's rally lead by Miss Glenn and Miss Waters, returned missionaries. They described the customs and manners of the foreign nations they had seen and told of their experiences in converting heathen children.

Last Night's Service.

Although a number of the delegates and visitors left on the train going south last evening, the Broadway Methodist church was well filled last night to hear the address of Miss A. M. Barnes on "The Evangelization of the World in This Generation," which has become the battle-cry of the mission workers today. The meeting was called to order by Mrs. Thomas B. King, of Memphis, and after a short devotional service, Mr. Robert Scott sang "Jesus Lover of My Soul" most impressively.

Miss Barnes spoke at length and handled her subject in a vigorous and vivid way that deeply impressed her hearers with the greatness and the necessity of the work and her own consecrated enthusiasm and devotion. She is the editor of the Juvenile Missionary paper, and is a writer of note.

At the close of Miss Barnes' address Miss Julia Scott sang with charm and depth of feeling, "What Will You Do?"

A tender little service of farewell to Miss Alice Waters, who returns to her work in Sung Kung, China, next month was held in closing. Miss Waters is greatly beloved in the conference and many crowded forward to bid her good-bye while "In the Sweet By and By" was being sung. The benediction was then pronounced.

TO THE FRONT

MERCHANTS COME AND CONCERTS ARE ASSURED.

Action of Board of Public Works Not to Interfere with Benevolent Project.

Merchants have taken up the band concert idea since the publication yesterday in The Sun the statement of Prof. William Deal that the proposition had fallen through on account of the opposition of a member of the board of public works, and it is probable that Broadway will hear the band twice a week through the summer. Prof. Deal had secured subscriptions on certain conditions, which the action of the board made impossible of fulfillment, and he felt that he could not afford to lose any more time on the scheme. The publication in The Sun put the merchants on their mettle and they determined that a popular idea should not be frustrated by such a little thing. The merchants have informed Prof. Deal that they will make the necessary arrangements, if he will secure a place to play.

BETTER TEAM

PROMISED BY MANAGEMENT OF BASEBALL ASSOCIATION.

New Players, Who Can Hit, Are Secured—Lloyd Filling in Until Regular Man Comes.

Paducah is going to have a winning ball team and this matter has been settled. "The attendance at Wallace park has not paid expense this season," Mr. John Keller, a member of the association, stated this morning, "but we are going the season through if it costs \$10,000. We are in for the sport and intend to give the people satisfaction. There are but five games between Cairo and Paducah and this is a mighty close race. The fans sit in the grand stand and 'knock' some of them, and this is discouraging to a team. We do not pay Lloyd to play ball. He is manager of the team and is willing to go in and do the best he can until a regular man can be secured. We have two coming. One is 'Greasy' Groh, of Zanesville, O., and he is said to be a sure 'sticker' and a fast man. He figures in a trade in which Eddie Gilligan goes to Newark. It is a sort of three-corner affair, but Groh will be here right away. Arthur Lang ought to be here today and before the Indians go out on a trip we will be in shape to make a race for the pennant."

Mr. Hermann Katterjohn went to Princeton this morning on business. Miss Lillian Gregory returned today from Dyersburg, Tenn., where she has been attending a house party. County Attorney Alben Barkley will go to Woodville tomorrow to prosecute cases in Justice Clint Knott's court.

Miss Mary Scott and Mr. E. H. Brimhurst will arrive in the city tonight from a visit in Nashville, Tenn. Mr. J. A. Graham, a clerk in the local post office department, has been granted thirty days' leave of absence and will leave Tuesday for New Mexico to prospect. It is his intention to return to Paducah.

Judge William Reed returned last night from Benton, where he has been holding Marshall county circuit court.

Rev. Thomas J. Newell was called to Louisville yesterday by important business.

SUMMER THIS SUMMER IN COLORADO

Many people put aside all thought of an outing in Colorado because they are accustomed to consider this greatest of American play grounds as one of those impossible things beyond their means. Time was when a visit to the "top of the continent" was a great luxury, as high in price as in altitude, but not so today.

You can spend the summer or a part of the summer in Colorado and live as reasonably as you do at home, and the quick service and low tourist and excursion rates afforded via Rock Island lines bring the Rockies within your easy reach.

ARMY PROMOTIONS FOUND TOO SLOW

Secretary Taft Introduces a Reform Measure.

Would Provide for Physical Examination and Promote Certain Number.

EXPLANATION OF THE SCHEME.

Washington, June 15.—Secretary Taft has prepared a bill which Senator Warren has introduced for him to get rid of inefficient officers and facilitate promotions in the army, so that men of proper age can perform the important duties devolving on officers of high rank. The bill proposes, first, a physical examination of all the majors, lieutenant colonels and colonels, and if any are found incapacitated by reason of physical disability contracted in the line of duty they are to be retired with the promotion of one grade, but should the incapacity be found to be the result of their own misconduct they shall be discharged from the army with one year's pay.

The proposed law provides for the promotion every year of at least 25 per cent of the lieutenant colonels, 18 per cent of the majors, 9 per cent of the captains, 14 per cent of the second lieutenants, and if this percentage is not reached for any year a board of five general officers shall be called for the purpose of selecting the necessary number of the least efficient officers to go.

General William Crozier in explaining the effect of the bill, says: "The division of the grades is such that, in the line of the army and the staff, the general officers constitute about 1 per cent of the whole number, colonels about 2.6 per cent, lieutenant colonels about 2.9, majors about 8.25, captains about 31 per cent, first lieutenants about 27.8 and second lieutenants about 26.4 per cent.

"The consequence of these proportions is that if the ordinary course of promotions by seniority, considering the casualties that occur through death, resignation, dismissal, disability and retirement at 64 years of age officers will reach the grade of first lieutenant at about 30 years of age, that of captain at about 39 years of age, that of major at about 52 years of age, that of lieutenant-colonel at about 58 years of age, and that of colonel at about 60 years of age.

FINES PAY.

Lycergus Rice Doing Excellent Work in City.

Lycergus Rice, stock policeman, thinks that this office has more than paid for his services. He has been doing good work in his line and while he has not made out a report of the arrests, and fines he says he believes the amount of fines collected for violation of the stock laws will more than cover his salary since he has been in office. He has arrested to date, the latest arrest being made this morning, when he "pulled" a horse, a total of 29 cows and five horses. About half have resulted in fines.

Henry Arenz, who has just returned from Chicago after buying a new automobile, expects the machine here tomorrow. Mr. Arenz lost his automobile by fire last week and has bought a much better machine to replace it. The new machine will be a four-cylinder auto car and will be of double the strength of the one burned.

NATIONAL CIGAR STANDS

Clipping Expenses

THE National Cigar Stands have taken cigars out of the class of expensive luxuries. They save smokers nearly *one-half* their cigar money, and give them better-made, better-kept and better-quality cigars besides. Tobacco itself is not immensely expensive. The great cost of cigars has always been in the wasteful way in which they were sold. No other merchandise of such common use passed through so many hands and was loaded with so many profits between producer and consumer.

The National plan reduces cost, *not* by reducing quality, but by cutting off all the "lost motion" in handling and all unnecessary profits. National Cigar Stands' cigars come to you *straight from the producer*.

Just to see what this means in getting quality-for-price, try the

THE MAN ON THE BOX

By HAROLD MacGRATH
Author of "The Gray Clock," "The Puppet Master"

Copyright, 1906, The Bobbs-Merrill Company.

This did not reassure Warburton, nor did he know what this comparison meant, being an ordinary mortal.

"With all respect to you, Miss Annesley, I am sorry that you are determined to ride him. He is most emphatically not a lady's horse, and you have never ridden him. Your skirts will irritate him, and if he sees your crop, he'll bolt."

She did not reply, but merely signified her desire to mount. No sooner was she up, however, than she secretly regretted her caprice; but not for a hundred worlds would she have permitted this groom to know. But Pirate, with that rare instinct of the horse, knew that his mistress was not sure of him. He showed the whites of his eyes and began pawing the gravel. The girl glanced covertly at her groom and found no color in his cheeks. Two small muscular lumps appeared at the corners of her jaws. She would ride Pirate, and nothing should stop her; nothing, nothing. Womanlike, knowing herself to be in the wrong, she was furious.

And Pirate surprised them both. During the first mile he behaved himself in the most gentlemanly fashion; and if he shied once or twice, waited a little, it was only because he was full of life and spirit. They trotted, they cantered, ran and walked. Warburton, hitherto holding himself in readiness for whatever might happen, relaxed the tension of his muscles, and his shoulders sank relievedly. Perhaps, after all, his alarm had been needless. The trouble with Pirate might be the infrequency with which he had been saddled and ridden. But he knew that the girl would not soon forget his interference. There would be more humiliations, more bitter pills for him to swallow. He pleased him, however, to note the ease with which Dick kept pace with Pirate.

"As for the most beautiful person in all the great world, I am afraid that she was beginning to feel self-important. Now that her confidence was fully restored, she never once spoke to or looked at her groom. Occasionally from the corner of her eye she could see the white patch on Dick's nose."

"James," she said maliciously and suddenly, "go back five yards. I wish to ride alone."

Warburton, his face burning, fell back. And thus she made her first mistake. The second and final mistake came immediately after. She touched Pirate with her heel, and he broke from a trot into a lively gallop. Dick, without a touch of the boot, kept his distance to a foot, Pirate, no longer seeing Dick at his side, concluded that he had left his rival behind; and the suppressed mischief in his black head began to find an outlet. Steadily he arched his neck; steadily but surely he drew down on the reins. The girl felt the effort and tried to frustrate it. In backing her pull with her right hand, the end of her crop flashed down the side of Pirate's head—the finishing touch. There was a wild leap, a blur of dust, and Mr. Pirate, well named after his freebooting sires, his head down where he wanted it, his feet rolling like a snare-drum, Mr. Pirate ran away, headed for heaven only knows where.

For a brief moment Warburton lost his nerve; he was struck with horror. If she could not hold her seat, she would be killed or dreadfully hurt, and perhaps disfigured. It seemed rather strange, as he recalled it, that Dick, instead of himself, should have taken the initiative. The noble sorrel, formerly a cavalry horse, shot forward magnificently. Doubtless his horse-sense took in the situation, or else he did not like the thought of yonder proud, supercilious show-horse beating him in a running race. So, a very fast mile was put to the rear.

The girl, appreciating her peril, did as all good horsewomen would have done; locked her knee on the horn and held on. The rush of wind tore the pins from her hair which, like a golden plume, stretched out behind her. (Have you ever read any thing like this before? I dare say. But to Warburton and the girl, it never occurred that other persons had gone through like episodes. It was real, and actual, and single, and tragic to them.)

The distance between the two horses began slowly to lessen, and Warburton understood, in a nebulous way, what the girl had meant when she said that Dick could outrun Pirate. If Pirate kept to the road, Dick would bring him down; but if Pirate took it into his head to vault a fence! Warburton shuddered. Faster, faster, over this roll of earth, clattering across this bridge, around this curve and that angle. Once the sight of a team drawing a huge grain-wagon sent a shiver to Warburton's heart. But they thundered past with a foot to spare. The old negro on the seat stared after them, his ebony face drawn with wonder and the whites of his eyes showing. Foot by foot, yard by yard, the space lessened, till Dick's nose was within three feet of Pirate's flowing tail. Warburton fairly lifted Dick along with his knees. I only wish I could describe the race as my jehu told it to me. The description held me by the throat. I could see the flashing by of trees and houses and fields; the scampering of piccaninies across the road; the horses from the meadows dashing up to the fences and whinnying; the fine stone and dust which Pirate's rat-

ting heels threw into my jehu's face and eyes; the old pain throbbing anew in his leg. And when he finally drew alongside the black brute and saw the white, set face of the girl he loved, I can imagine no greater moment but one in his life. There was no fear on her face, but there was appeal in her eyes as she half turned her head. He leaned across the intervening space and slid his arm around her waist. The two horses came together and twisted his leg cruelly. His jaws snapped.

"Let the stirrup go!" he cried. "Let go, quick!" She heard him. "Your knee from the horn! I can't keep them together any longer. Now!"

—Brave and plucky and cool she was. She obeyed him instantly. There was a mighty heave, a terrible straining of the back and the knees, and Pirate was freed of his precious burden. The hardest part of it came now. Dick could not be made to slow down abruptly. He wanted to keep right on after his rival. So, between holding the girl with his right arm and pulling the horse with his left, Warburton saw that he could keep up this terrible effort but a very short time. Her arms were convulsively wound around his neck, and this added to the strain. Not a word did she say; her eyes were closed, as if she expected any moment to be dashed to the earth.

But Dick was only a mortal horse. The fierce run and the double burden began to tell, and shortly his head came up. Warburton stopped him. The girl slid to the ground, and in a moment he was at her side. And just in time. The reaction was too much for her. Dazedly she brushed her hair from her eyes, stared wildly at Warburton and fainted. He did not catch her with that graceful precision which on the stage is so familiar to us. No. He was lucky to snatch one of her arms, thus preventing her head from striking the road. He dragged her to the side of the highway and rested her head on his shaking knees. Things grew dark for a time. To tell the truth, he himself was very close to that feminine weakness which the old fellows, in their rough and ready plays, used to call "vapours." But he forced his heart to steady itself.

WOMEN'S NEGLECT SUFFERING THE SURE PENALTY

Health Thus Lost Is Restored by Lydia E. Pinkham's Vegetable Compound.

How many women do you know who are perfectly well and strong? We hear every day the same story over and over again. "I do not feel well; I am so tired all the time!"

Miss Kate McDonald

More than likely you speak the same words yourself, and no doubt you feel far from well. The cause may be easily traced to some derangement of the female organs which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, bearing-down pains, flatulency, nervousness, sleeplessness, or other female weakness.

These symptoms are but warnings that there is danger ahead, and unless heeded a life of suffering or a serious operation is the inevitable result.

The never-failing remedy for all these symptoms is Lydia E. Pinkham's Vegetable Compound.

Miss Kate McDonald of Woodbridge, N. J., writes:

"Restored health has meant so much to me that I cannot help from telling about it for the sake of other suffering women. For a long time I suffered untold agony with a female trouble and irregularities, which made me a physical wreck, and no one thought I would recover, but Lydia E. Pinkham's Vegetable Compound has entirely cured me, and made me well and strong, and I feel it my duty to tell other suffering women what a splendid medicine it is."

For twenty-five years Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, has under her direction, and since her decease, been advising sick women free of charge. Her advice is free and always helpful. Address, Lynn, Mass.

The "Indians," refreshed by a cool night under blankets in the wigwam, sallied forth on the reservation yesterday afternoon to "do things," and from the way they fought it might be said that they threw dust, lumps of mud, and other things, into the eyes of the "Barons."

In fact they outplayed the "Barons," only the score of 2 to 0 fails to show it. It takes hitters to win, and the "Indians" seemed to have had a few among them yesterday. But the horse shoe was still hanging about the "Barons' necks and it just would not drop off. The score in the ninth inning showed nine "goose eggs" for the Indians and two tallies for the "Barons."

The "Barons" slipped the first one over in the first inning. Long caught an inshoot in the slats and Bissell missed three over. Fleming hit to Wetzel and the little third-sacker tagged Long when he tried to make third on Wetzel's brief juggling act with the leather sphere. Fleming went to second on the play and Roland hit one of those easy Texas leaguers but it went high. Lloyd and Nippert started for the ball. Each thought the other had it, but Nippert never gave up. The temporary second sacker fought hard to reach the ball and did. It fell into his hands, but he was going at about a mile a minute and dropped the quarry. It rolled out to the fence and Fleming tallied. Dithridge hit a high one to Cooper and the new recruit to the band of warriors handled it with ease.

There was nothing doing whatever for the Dirty Ones after that until the eighth inning and although they fought hard and coal dust mixed with perspiration streamed down their faces, evidence of the terrible exertion they labored under, the "Barons" knew they were "up against it." It was luck that won yesterday's game.

In the eighth inning Way fled out to Lloyd and Long hit to Tadlock. The big twirler fumbled slightly and when he turned to throw Long's fast legs were working overtime. Long crossed the bag just the second before the fumbled ball landed in Haas' mit. Bissell hit to "Tad" and the pitcher fielded to Haas, Long going to second on the play. Fleming lined a drive to left field. It was good for one sack but Cooper in his haste to field home and catch Long, fumbled and let the sphere get by. The second run tallied. Roland popped out to Nippert and this ended the "Barons' fun.

The summary will show that the Indians worked hard yesterday, and while they made two errors which netted the runs, errors are likely to happen in the best regulated ball teams. The fight the warriors put up is to be admired.

A Little Salve.
Cairo by taking yesterday's game took first place in the league standing. Cairo has a good team but the strength of it is nothing compared with the strength of her team the first season of the Kitty league. She has not got the stickers she had then.

The management is after some hitters and the fans are promised things.

The Indians will work behind Dan Wright today. Today is Ladies' Day. Tadlock showed Way that there was another "way" of handling the sphere. He pitched rings around the Egyptian thrower. Tadlock allowed fewer hits, struck fewer men and fielded his position better than the Lanky One.

Some one has asked where Way got his license to pitch. Maybe "he of the Blue Point Needle" can figure it out? Cutting out all foolishness about Roland, we will say he is a fast man. He saved Cairo twice yesterday.

We fail to see Cairo's hitters. They wore a grave yard rabbit's foot or an Indiana buckeye, but whichever it was the luck stuck to them. The Indians have simply struck a slump in hitting. The war whoop will be heard again shortly.

Henderson has filed an application for the first vacancy in the Kitty league. Henderson failed to "stay on" once before and unless a good forfeit is put up there will be "little doing" for Henderson in the Kitty league. Fans do not despair. There are but five games between the Indians and top notchers. The lead is not so hard to overcome.

About Scoring.

"King Jags" says: "Know ye all men by these presents that the Human Jelly Fish is the official scorer at Paducah, consequently the results of the games in that city in which Cairo is engaged, irrespective of the story of the game, which is sent us by our regular correspondent, is liable to be biased and should be taken with a lump of rock salt. The idea of Cairo only getting four hits off Tadlock is preposterous."

We will take occasion to add that the scorer in Paducah has deviated from his usual form of "fair and square" scoring and has adopted the "stick 'em up" method. He watched the work of the Cairo scorer, who also happens to have something to do with a newspaper, and thinks he is pretty wise as to his methods. The Indians, in fact, every other team that strikes Cairo, never gets what is coming to it in the hitting line. The best way to remedy it is to "give and take" and the "game is on." We remember in one instance when "Kiddie" Girard hit a line drive to Third Baseman Witt with Cairo. Witt thought it was going to be a bunt and ran in. He caught the liner in both mitts. No, it was not a hard drive. It went clean through Witt's hands, knocked him in the head and it was "23" for him for some time. Witt got an error. What do you want to do, kill a man to get a hit?

There are other instances of plain errors on visiting teams which go for hits to Cairo, where everything goes as errors. The official scorer at Paducah is simply adopting "His Jags" methods for the time being, of scoring. If "King Jags" is so intent on having the league rules enforced, and knows the constitution so well, he ought to read up on the scoring section of the "guide" and work accordingly.

THE SPARROW'S FALL

Noted by Frank Gliston, Who Revived
the Vanquished.

Frank Gliston, the well known carman employed by the Illinois Central, probably will be made honorary member of the humane society. Any way he deserves a medal of some kind for his "first aid to the injured" practiced. Two sparrows were fighting in midair. They were flying fast and one struck a trolley wire. It fell to the ground, its neck appearing to have been broken. Gliston picked it up, went to a neighboring hydrant and dashed cold water on the sparrow's head. After administering a few cold dashes of water the bird showed some signs of life and in a short time was able to flutter about. The carman placed it on a fence and had the satisfaction of seeing it fly away a few minutes later.

The indignation of the young women is said to have been aroused when a manager in a restaurant discharged a waitress for taking offense at a reprimand.
